

Find it First in Farmville Mural

Read by David Stowe

The Farmville Chamber of Commerce has been encouraging its residents to "Find it First in Farmville" for over 60 years. We as a community, appreciate that when we shop, eat, and learn locally, we are becoming a part of Farmville's continued vitality. Likewise, business owners recognize that when they hire and support locally, they help provide livelihood to Farmville's residents and life to Farmville.

Along your walk today, almost all the businesses you will see are locally-owned and locally staffed. Specialty retailers like Farmville Hardware and Farmville Furniture have been shopping destinations since the mid 1900's, as have grocery store Piggly Wiggly (formerly the Red and White) and Napa Auto Parts & Repair. All of these businesses are proud to offer superior service to their customers.

The Find it First in Farmville mural is a re-creation of a ghost mural that was painted in the 1960's. We hope that it encourages all passersby to support their hometown businesses, wherever they are from. Thanks for stopping by.
